lukan narrative takes its readers into god's story how his salvation plan in jesus began on the slopes of judea and at the sea of galilee ending on the hill of calvary and the mount of olives yet moving on and telling how the spirit descended onto the temple mount empowering god's people who then began to fulfill the given mandate in the presence of the spirit yet readers of luke acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and spirit references this book seeks to bring awareness to these challenges by some of the most respected pentecostal biblical scholars and systematicians here their vigorous labor with the questions of hermeneutics and theology in relation to lukan writings have come to fruition these contributions have been collected as a festschrift in honor and celebration of the career of roger stronstad a pentecostal biblical scholar whose contribution to lukan studies have moved pentecostal scholarship from shadows into daylight the editor of this volume invites the readers of lukan narrative to journey together on the road to emmaus as we continue to ponder the events in the past the present and the future

studies of hong kong media primarily examine whether china will crush hong kong's media freedom this book however traces the root problem of hong kong media back to the colonial era demonstrating that before the resumption of chinese sovereignty there already existed a uniquely hong kong brand of hyper marketized and oligopolistic media system the system encouraged by the british colonial government was subsequently aggravated by the chinese government this peculiar system is highly susceptible to state intervention and structurally disadvantaged dissent and marginal groups before and after 1997 the book stresses that this hyper marketized media system has been constantly challenged through a historical study of media stigmatization of youth this book proposes that over the years various counter forces have penetrated the structurally lopsided hong kong media independent public popular and news media all make occasional subversive alliances to disrupt the mainstream and news media with a strong liberal professionalism provide the most subversive space for challenging cultural hegemony the book offers an alternative and fascinating account of the dynamics between hegemonic closure and day to day resistance in hong kong media in both the colonial and post colonial eras arguing that the hong kong case generates important insights for understanding ideological struggles in capitalist media

provides educators with practical strategies tools and techniques for teaching critical reading skills to students in the social

and natural sciences strong critical reading skills are an essential part of any student's academic success teaching these vital skills requires educators to develop and implement effective teaching strategies often based on their own critical reading practices critical reading across the curriculum volume 2 social and natural sciences provides educators with expert insights real world methods and proven strategies to build critical reading skills in students across disciplines drawing from the experience of seasoned classroom practitioners this book presents a dozen essays that offer various applications of critical reading best practices in fields such as anthropology biology economics engineering political science and sociology clear jargon free chapters identify explain and illustrate best teaching practices for critical reading containing numerous practical examples and demonstrations essays written by experts in their respective fields explain what critical reading requires for their discipline as well as how to teach those skills in the classroom every essay includes a host of pedagogical activities assignments and projects that can be used directly or adapted for diverse teaching applications this valuable book helps educators develop the skills students need to ask the right questions consider sources assess evidence evaluate arguments and reason critically encourage students to practice critical reading skills with engaging exercises and activities teach students to establish context and identify contextual connections explain how to read for arguments including content based and conceptual arguments adapt and apply teaching strategies to various curricula and disciplines critical reading across the curriculum volume 2 social and natural sciences is an ideal resource for educators in a wide range of areas such as college and high school instructors in science and social science disciplines and instructors of graduate education courses
